## Diesel, LPG and Dual Fuel Forklift Trucks

- Ergonomically designed operator compartment
- Easy to maintain and service
- High visibility masts and optional integral side shift
- Highly responsive steering optimises manoeuvrability

## Truck Dimensions

**Visibility**

The overhead guard has been designed to provide the operator with excellent all round visibility.

Hoses are routed to allow a clear view of the load and forks.

**Operator Comfort**

Operator compartment is ergonomically designed to offer a practical and comfortable working environment for the driver. A large step gives easy access.

A large LCD display provides the driver with the necessary operating information at a glance.

Adjustable steering column has a 6° range for maximum comfort.

A standard overhead guard, partial or full cabins are all available to meet different customer requirements.

The full cab has steel doors and front and rear screens with wash/wipe function with heater options also available.

LED marker lights and work lights are offered as standard, which eliminates the cost of bulb replacement.

Rear drive handle with integrated horn button mounted on the right rear guard leg is available.

**Manoeuvrability**

Highly responsive steering optimises manoeuvrability in confined spaces.

Proven transmission provides smooth movement and changes of direction.

Dimensions of the truck ensure effective operation in most aisles without sacrificing driver comfort and visibility.

**Load Handling**

The robustly constructed mast provides optimal visibility with the auxiliary hoses centred on the free lift cylinder to eliminate hose twisting.

Positive hose retention and large radius bends are employed to minimise hose scuffing, maximising life.

Masts are offered with a tilt option, the tilt cylinder anchors are widely spaced to increase lateral stiffness and visibility.

A range of Class II and Class III LFL and FFL masts are available along with carriages including integrated side shift carriages to make load handling easy and convenient.

**Hydraulic control**

The ergonomically positioned control levers provide precise control, available with 2, 3 and 4 function hydraulics.

Optional integral side shift carriage assist precise load handling.

**Reliability**

The truck has a durable construction with a one piece welded frame.

Industry proven industrial engines from Yanmar for diesel trucks and GCT for LPG and dual fuel.

The Single speed Powershift transmission is well proven, reliable and efficient.

Mast tilt cylinders are sealed to minimize contamination.

Optimum performance and a long working life is ensured by using high-quality components. The efficient cooling system manages both oil and coolant temperatures providing reliability, reducing the risk of unplanned downtime.

**Serviceability**

Yale trucks are backed up by a 2000 hour warranty and comprehensive parts availability and are easy to maintain and service.

Access to the key components and daily checks is easy thanks to the 70° hood opening, held open with a locked gas spring.
